MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)
FOR THE YEARS ENDED JUNE 30, 2010, 2009 AND 2008

Iowa Public Radio, Inc. ("IPR") provides this Management's Discussion and Analysis as a narrative overview of the financial performance of IPR for the three years ended June 30, 2010, 2009 and 2008. This discussion has been prepared by management and should be read in conjunction with the financial statements and footnotes that follow.

The Board of Regents of the State of Iowa established Iowa Public Radio, Inc. to manage the day-to-day operations including programming, technical support and administration of the public radio operations at the three Regents' universities. This includes the WOI Radio Group at Iowa State University, the KUNI Radio Group at the University of Northern Iowa and the KSUI Radio Group at the University of Iowa. IPR is governed by a board of directors consisting of five appointees. The Board of Regents appoints two community directors to represent the interests of Iowa's communities. The president at each of the Regents' universities appoints a university director to represent the interests of each respective university.

As Iowa Public Radio, Inc. continues to evolve into a fully integrated organization - blending the best of each station while gaining operational efficiencies - the consistency in financial reporting year-over-year will be impacted. The audited financial statements and footnotes of IPR should be read in conjunction with the audited financial statements and footnotes of each of the public radio stations.

Iowa Public Radio's mission is to inform, enrich and engage Iowans through radio programming and other media. IPR enhances civic and cultural connections across the state, strengthening communities and reflecting Iowa's sense of place. One of the top priorities of IPR is to extend our voices to more areas of the state - giving more Iowans the opportunity to experience rich, timeless music and the in-depth perspective of the world we live in that they can only get from public radio.

USING THE AUDITED FINANCIAL STATEMENTS

This analysis is intended to introduce the basic financial statements of IPR which consist of the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets and the Statement of Cash Flows. IPR reports as a business-type activity as defined by the Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* ("GASB 34"). These financial statements have been prepared in conformity with GASB 34 using the economic resources measurement focus and the accrual basis of accounting. GASB 34 also requires that net assets be reported in three categories - invested in capital assets net of related debt, restricted and unrestricted.

THE STATEMENT OF NET ASSETS

The Statement of Net Assets presents the assets, liabilities and net assets of IPR at the end of each fiscal year. The difference between assets and liabilities - or net assets - is one indicator of the current financial condition. The change in net assets is an indicator of whether the overall financial condition has improved during the fiscal year.

Total assets at June 30, 2010 increased 58.9% to \$755,822 compared to total assets of \$475,646 at the end of the prior fiscal year. This increase is primarily due to increases in cash and cash equivalents and the receivable for underwriting agreements. In January, 2010, the underwriting function for the radio operations was centralized as part of IPR's on-going effort to become a fully integrated organization. Prior to this time, underwriting functions were performed at each of the university stations and therefore were reflected on the financial statements of each of the stations. Total assets at the end of fiscal year 2009 were comparable to the total assets at the end of fiscal year 2008.

FOR THE YEARS ENDED JUNE 30, 2010, 2009 AND 2008

Capital assets decreased slightly at June 30, 2010 compared to capital assets at the end of the prior fiscal year. Capital assets increased at the end of fiscal year 2009 compared to capital assets at the end of fiscal year 2008.

Total liabilities at June 30, 2010 increased 32.1% to \$612,081 compared to total liabilities of \$463,372 at the end of the prior fiscal year. This increase is primarily due to the increase in advance payments on underwriting agreements due to the centralization of underwriting as described above. Long-term liabilities decreased 66.6% at June 30, 2010 due to a decrease in early retirement benefits payable. Total liabilities at the end of fiscal year 2009 were comparable to the total liabilities at the end of fiscal year 2008.

Total net assets at June 30, 2010 increased significantly to \$143,741 compared to total net assets of \$12,274 at the end of the prior fiscal year. Total net assets at the end of fiscal year 2009 increased compared to the total net assets at the end of fiscal year 2008. IPR's net assets are largely comprised of unrestricted net assets which may be used at management's discretion to meet current obligations.

IOWA PUBLIC RADIO, INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)

FOR THE YEARS ENDED JUNE 30, 2010, 2009 AND 2008

- Underwriting revenue, net of allowances, increased operating revenues by \$484,223 contributing significantly to the increase in total operating revenues. For fiscal year 2010, underwriting revenue is reported on the financial statements of each of the stations for the 6-month period July 1, 2009 through December 31, 2009. Underwriting revenue is reported on the financial statements of IPR for the 6-month period January 1, 2010 through June 30, 2010 due to the centralization of underwriting.
- Revenue from special events increased operating revenues by \$16,797.
- Contributions, net of allowances, decreased operating revenues by \$95,455. This 4.1% decrease in member contributions is attributed to the continued uncertainty in the state and local economy.

Total operating revenues for the year ended June 30, 2009 increased 3.0% to \$2,403,353 compared to \$2,332,928 for the year ended June 30, 2008. This increase was primarily due to increased contributions and income from special events that did not occur in 2008.

Total operating expenses for the year ended June 30, 2010 increased 8.4% to \$3,039,164 compared to \$2,804,765 for the year ended June 30, 2009. Major components of operating expenses are as follows:

- Fund-raising and membership development expenses increased operating expenses by \$310,234 primarily due to additional salaries, wages and benefits.
- Program services expenses increased operating expenses by \$243,718. This increase includes expenses related to programming, production and promotion.
- Management and general expenses decreased operating expenses by \$354,451 primarily due to a decrease in contribution expenses to the stations.

Total operating expenses for the year ended June 30, 2009 increased 15.3% to \$2,804,765 compared to \$2,432,943 for the year ended June 30, 2008. This increase was primarily due to increased contribution expenses to the stations and increases in salaries, wages and benefits as well as expenses related to recruiting.

Non-operating revenues (expenses) for the year ended June 30, 2010 decreased 12.6% to \$361,713 compared to \$413,686 for the year ended June 30, 2009. This decrease was primarily due to the decrease in state appropriations of \$86,182 from the prior fiscal year. Non-operating revenues (expenses) for the year ended June 30, 2009 increased significantly to \$413,686 compared to \$100,015 for the year ended June 30, 2008. This increase was primarily due to the state appropriation of \$492,500 received for the first time in 2009.

Iowa Public Radio, Inc.:

We have audited the accompanying financial statements of Iowa Public Radio, Inc. (a nonprofit organization), as of and for the years ended June 30, 2010 and 2009 as listed in the table of contents. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or at estimated fair value at the date of donation. The Organization's capitalization policy for equipment, furniture and fixtures includes all items with a unit cost of at least \$1,000 and an estimated useful life of greater than one year. Renovations to leased property are charged to operations in the year in which the expense is incurred.

Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, generally 10 years for furniture, fixtures and signage and 4 years for electronic equipment. Depreciation expense charged to operations for 2010 and 2009 was \$2,871 and \$1,080, respectively.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Capital Assets - continued

Leasehold improvements and equipment purchases not meeting the Organization's capitalization policy charged to operations for 2010 and 2009 were \$44,589 and \$79,488, respectively.

Revenue Recognition

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Contributions of assets other than cash are recorded at their estimated fair value. Unconditional promises to give are periodically evaluated for collectibility based on payment history with the donor, time lapsed since the pledge was received and the number of collection attempts the Organization has made. Based on these criteria, the Organization determines an appropriate allowance for uncollectible promises to give at year-end. Grants are recognized as revenue in the period the grant is awarded. Grants and contributions are considered available for unrestricted use, unless specifically restricted by the grantor or donor.

Program Underwriting Support

As of January 1, 2010, Iowa Public Radio, Inc. has assumed all billing and collection activities of underwriting for all three universities' stations. Underwriting support is treated as conditional contributions, and recognized when the conditions are met, based on the terms of the underwriting agreements, and are recognized primarily on a pro rata basis as the underwriters are acknowledged.

Underwriting Receivables

Underwriting receivables are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts. Management determines the allowance for doubtful accounts by identifying past due accounts and by using historical experience applied to an aging of accounts. Underwriting receivables are written off when deemed uncollectible. Recoveries of trade receivables previously written off are recorded when received. The provision for doubtful accounts totaled \$26,801 for the year ended June 30, 2010.

Contributed Services

Contributed services are recognized as contributions if the services received, created or enhanced a long-lived asset or required specialized skills provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. Volunteers provide a variety of tasks that assist the Organization throughout the year that have not been recognized as contributions in the financial statements because the criteria for recognition was not met.

Operating and Nonoperating Activities

Operating activities generally result from the management, fund-raising and programming for the state universities' stations. Revenues restricted by donors for the use of capital improvements, and revenues and expenses that result from financing and investing activities are recorded as nonoperating revenues.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Functional Allocation of Expenses

The cost of providing program services and other activities are summarized on a functional basis in Note 9. Accordingly, certain costs have been allocated between the program and supporting services on the basis of benefits received.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization is also exempt from State of Iowa income taxes; therefore, there is no provision for either federal or state income taxes.

The Organization has evaluated their material tax positions and determined no income tax effects with respect to the financial statements. The years from June 30, 2007 through current are subject to U.S. Federal income tax examinations by tax authorities. The Organization has not been notified of any impending examinations by tax authorities, and no examinations are in process.

Advertising

Advertising costs are charged to operations in the period in which they are incurred. Advertising expense charged to operations for fiscal years ended 2010 and 2009 was \$152,251 and \$-0-, respectively.

Fair Value of Financial Instruments

The carrying amounts of cash, promises to give, grants receivable, prepaid expenses, accounts payable, contributions payable and accrued expenses approximate fair value because of the short maturity of those financial instruments.

The carrying value of the accrued post retirement benefits is based upon the present value of the future cash payments discounted at 5%.

All investments are recorded at fair value based upon quoted market prices.

Reclassification

Certain 2009 amounts have been reclassified to conform with the 2010 presentation.

2. TRANSACTIONS WITH STATE UNIVERSITIES

Teachers Insurance and Annuity Association (TIAA-CREF)

Each public university contributes to the Teachers Insurance and Annuity Association - College Retirement Equity Fund (TIAA-CREF) retirement program, which is a defined contribution plan. TIAA-CREF administers the retirement plan for each University. The defined contribution retirement plan provides individual annuities for each plan participant. The Board of Regents establishes and amends the plan's provision and contribution requirements. As required by the Board of Regent's policy, all eligible University employees must participate in a retirement plan from the date they are employed. Contributions made by both employer and employee vest immediately. As specified by the contract with TIAA-CREF for fiscal year 2010 and 2009, each employee through the fifth year of employment contributes 3 1/3% of the first \$4,800 of earnings and 5% on the balance of earnings. The University, through the fifth year of employment, is required to contribute 5 1/3% and 6 2/3%, respectively of the first \$4,800 of earnings and 8% and 10%, respectively on earnings above the \$4,800. Upon completion of five years of service, the participant contributes 5% and the University contributes 8% and 10%, respectively, on all earnings.

Iowa Public Employees Retirement System

Each public university contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits, which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, IA 50306-9117. For the years ended June 30, 2010 and 2009, plan members are required to contribute 4.3% and 4.1%, respectively, of their annual covered salary and the University is required to contribute 6.65% and 6.35%, respectively, of annual covered payroll.

The Organization's share of employer contributions to university TIAA-CREF and IPERS retirement plans is included in salaries, wages and benefits expense for the years ended June 30, 2010 and 2009.

9. RETIREMENT PLANS - continued

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Iowa Public Radio, Inc.:

We have audited the financial statements of Iowa Public Radio, Inc. as of and for the year ended June 30, 2010, and have issued our report thereon dated May 25, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Iowa Public Radio, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Iowa Public Radio, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Iowa Public Radio, Inc.'s internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies and/or material weaknesses.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the Organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Organization's financial statements that is more than inconsequential will not be prevented or detected by the Organization's internal control.

See Independent Auditor's Report.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Organization's internal control.

We consider the following deficiencies to be significant deficiencies or material weaknesses as shown below. The auditee's response to our findings is included for each identified finding:

Significant Deficiencies

10-1 Separation of Duties

The size of the office staff precludes a proper separation of functions to assure adequate internal control. This is not unusual in enterprises of your size, but management should continue to be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. Under these conditions, the most effective controls lie in management's knowledge of matters relating to the Organization's operations.

Auditee's Response

The Organization is aware of the lack of separation of duties and controls due to the size of organization. The Board of Directors and management have considered the additional cost necessary to further separate duties against the economic benefits that may be achieved. The Board of Directors and management will continue oversight of current operations on a consistent timely basis.

Material Weaknesses

10-2 Financial Statements

Management does not possess sufficient skill and accounting knowledge to prepare the Organization's financial statements. Management also lacks the expertise necessary to prevent, detect, and correct a potential material misstatement in the financial statements. Under these conditions, the most effective controls lie in the oversight by the Board of Directors in regards to financial reporting.

Auditee's Response

The Organization acknowledges that they do not possess the resources and professional accounting skills to prepare a complete financial statement and the required disclosures. Subsequent to year end, the Board of Directors and management have hired financial employees capable of preparing the financial statements. It is planned, in future years, that the Organization will prepare the annual financial statements. The Board of Directors and management will continue to review internally prepared monthly financial statements and will review the annual financial statements with the auditor.

Material Weaknesses - continued

10-3 Accounting System

The Organization uses accounting software that allows the employees responsible for maintaining the general ledger to change an original entry transaction after it has been posted. The Organization does not review the audit trail of the software to identify any possible changes made to the original transaction. Under these conditions, the most effective controls lie in the oversight by the Board of Directors in regards to financial reporting.

Auditee's Response

The Organization is aware of the inherent control weaknesses of the accounting system. The Board of Directors and management will continue to monitor monthly and annual financial statements and accounting records supporting the financial statements on a consistent timely basis.
